

# Dominion Marine Yacht Services

## Crew bank accounts

We know your lifestyle is unusual, that you have chosen a career a little out of the ordinary and that you work long, unsociable hours.

We offer assistance to yacht crew who need to open a flexible bank account.

We understand the issues of working in multi-currency environments and problems with access when at sea. For this reason we look for banks offering flexible deals with full internet and phone banking facilities together with easy access to your money.

We also know how easy it is to neglect your finances so are happy to introduce you to our selected financial advisers for a financial health check.
